## MULTIVIS ADT DV 5W-30 SYNTHETIC TECHNOLOGY – ENGINE OIL

### Description

Multivis ADT DV 5W-30 is a synthetic technology engine oil formulated to cope with the exacting demands of OEMs requiring low viscosity engine oils. The product uses a combination of synthetic base fluids and an advanced additive system to provide a balanced lubricant that delivers friction reduction, component protection and fuel efficiency. Multivis ADT DV 5W-30 has been developed to help combat the issue of Low Speed Pre-ignition (LSPI) which can cause damage to certain petrol engine types.

Multivis ADT DV 5W-30 provides the following benefits:

- Contributes to overall fuel efficiency
- Circulates rapidly from cold
- Strong oil film protects at high temperatures and under arduous work loads
- Ensures a high level of component cleanliness and operational efficiency
